

At Maney Hill Primary School we want to create a P.E curriculum that enriches children's experiences across a range of engaging physical activities. We want children to develop their practical skills through creative learning opportunities, involving use of our school environment and beyond. We want our children to participate in a range of competitive and non-competitive activities both in P.E lessons and in a range of extra-curricular activities. We aim to develop an enjoyment of sport and physical activity, and promote a healthy lifestyle in our children from an early-age.

Our school is committed to ensuring that all pupils receive 2 hours of PE per week, delivered by well-trained and enthusiastic teachers. The Sports Premium funding is allowing us to develop sustainable improvement in teaching skills, as well as developing children's physical capabilities.

Sports Premium

Each year the government provide additional funding to improve provision of physical education (PE) and sport in primary schools in England - The Primary PE & Sport Premium. This funding, provided jointly by the Departments for Education, Health and Culture, Media and Sport is allocated to primary schools to spend in improving the quality of sport and PE for all of their children. At Maney Hill that means around £8900 a year. Money can be spent on:

- The engagement of all pupils in regular physical activity - kick-starting healthy active lifestyles
- The profile of PE and sport being raised across the school as a tool for whole school improvement
- Increased confidence, knowledge and skills of all staff in teaching PE and sport
- Broader experience of a range of sports and activities offered to all pupils
- Increased participation in competitive sport

Report for 2016-17
