

Computing

We will be using the laptops to conduct plenty of research this term in a variety of areas. The children will be learning about how to use technology safely, respectfully and responsibly in conjunction with Safer Internet Day on 6th February. The children will also consolidate their understanding of the topic by creating a presentation using Microsoft PowerPoint.

Geography

The children will develop their world geography by finding Greece on a world map and within Europe, identifying surrounding oceans and bordering countries. They will also investigate the population and climate in Greece as well as comparing differences and similarities between the UK and Greece. Additionally, the children will recognise and research key places in Ancient Greece.

Art & Design

In Art & Design the children will research Greek art and sculpture, leading to them exploring different types of pottery. From this, they will draw different pottery patterns and then create a tile print with the patterns.

R.E.

The children will be learning about belonging, inclusion and identity across a range of faiths. They will also explore being modest and listening to others.

Meet the Greeks

History

This term we will be looking at aspects of Greek Civilisation. We will explore key dates from Ancient Greece and organise these into chronological order on a timeline. Within this, children will learn about key figures in Greek history such as Alexander the Great and will develop their understanding of BC and AD. Furthermore, the children will compare Greek cities, be able to retell the story of the Trojan Horse, identify some characters of the Greek alphabet and explore the history of the Parthenon.

P.E.

In P.E. this term the children will get the opportunity to develop their skills in football with a coach. They will also be learning about styles of dance in which they will consider how traditional and modern dances differ and will create their own routines which they will peer evaluate.

Music

Children will have weekly keyboard lessons to build their expertise and confidence at using an instrument.

Design Technology

This term the children will have the opportunity to prepare, taste and review traditional Greek food dishes using a range of techniques.
