

Geography

In Geography, the children will look in detail at where the Romans invaded in Europe, focusing on British settlements. They will also study volcanoes, in particular the eruption of Mount Vesuvius as well as exploring different types of settlement and land use.

Music

Weekly Keyboard lessons will take place throughout the year.

Physical Education

One lesson a week the children will develop their racquet skills in tennis and the other lesson will focus on developing the children's balance and agility within Multi-Skills. The children will also be attending swimming lessons after half-term.

ROMANS

Art and Design

Technology

The children will design and create traditional Roman mosaics, clay pots and plates and will also be designing and testing Roman Chariots.

History

In History, the children will explore:

- Why the Romans invaded Britain
- 'Romanisation' of Britain and its impact on culture, technology and beliefs
- The Roman Empire and the power of its army
- Successful invasion by Claudius and conquest, including Hadrian's Wall
- British resistance from Boudicca

Computing

The children will learn how to use search engines effectively, create quizzes relating to the Romans on Scratch and will use a range of Microsoft programmes within other subject areas.

Enrichment

Activities

The children will learn more about the Romans through a workshop from some visitors.
