

History

This term we will be looking at aspects of Greek Civilisation. We will explore key dates from Ancient Greece and organise these into chronological order on a timeline. Children will be able to retell the story of the Trojan Horse, identify some characters of the Greek alphabet and explore the history of the Parthenon.

R.E.

The children will be learning about the Amrit ceremony in Sikhism and also about prayer in Islam. They will learn to value other's opinions through looking at the Christian story of the Wise and Foolish Builders.

P.E.

In P.E. this term the children will get the opportunity to develop their skills in gymnastics focussing on balance.

They will also develop skills associated with games, practicing movement, coordination, aiming, and throwing and catching.

Geography

The children will develop their world geography by finding Greece on a world map and within Europe, identifying surrounding oceans and bordering countries. They will also investigate the climate in Greece as well as comparing differences and similarities between the UK and Greece. Additionally, children will recognise and research key places in Ancient Greece.

Meet the Greeks

Computing

We will be using the laptops to conduct plenty of research this term in a variety of areas. Children will use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour on the computer.

The children will consolidate their understanding of the topic by creating a presentation using Microsoft PowerPoint.

Art & Design

In Art & Design the children will use their knowledge on Greek Gods to plan, design and create a collage of their own Greek God. They will also get the opportunity to design and make their own Greek pot.

Music

Children will have weekly keyboard lessons to build their expertise and confidence at using an instrument.

Design Technology

This term the children will have the opportunity to prepare traditional food dishes using a range of techniques.
