4th & 6th – Reception Induction

5th – Transition Day

11th & 12th – Reception/Year 5
Buddies

14th – Annual Parents to Parents

Dear Parents and Carers

The week ended with some lovely sunshine and a sense of spring being just around the corner with the promise of more outdoor learning and enjoying the school grounds.

Next half term, we have some special events coming up including World Book Day on the 2nd March and a STEM (Science, Technology, Engineering & Maths) Day on the 8th March. We'll also be welcoming many of our school governors into school during Governor Visits Week. The governors will have the opportunity to visit classrooms to observe the teaching and learning and to work alongside some of our school leaders. Whatever you have planned, I hope you have a lovely half term. Mrs Whitehead

3L INSPIRE WORKSHOP

3L had a great INSPIRE workshop, working on our reading comprehension and understanding of words. We had great fun solving the word challenge too!

How many words can you find that include the letter H, and can you find the nine-letter word? Use each letter only once.

2GB's Inspire Workshop

This half term, 2GB enjoyed their inspire workshop.

They worked on their 2s, 5s and 10s times tables and worked on a range of games and problems with their parents.

Thank you to the parents for attending and continuing to support with their learning.

Lunchtime Supervisor Vacancy

We currently have two vacancies to join our excellent team of lunchtime supervisors.

The roles fit very well with those who enjoy working with children and would like to work for a few hours during the school day.

If interested, please email the school for further details and an application form.

Check venues, times and availability @ www.rugbytots.co.uk/Class/Find

£10 - 3 week trial must start by the weekend of 4th/5th March.

Reception went 'Out of this World'!

As part of our Space topic, we had an 'Out of this World' theme day.

We came dressed in our own outfits and used junk modelling materials to make our own space creation. Then, we used the space projectors to see different views of the galaxy and star gaze. Finally, we took it in turns to use the stomp rockets outside to find out how we could make the rocket travel the furthest and measure the distance.

Miss Smithson and the Reception Team

Times Tables Rock Stars is a really great resource to keep the children practising their times tables at home.

Class teachers can set their class challenges and tournaments and the children earn points for every correct answer they give. Their logins can be found in their homework books.

Thank you for your support with this.

Miss Green
